The attached documents were sent from ODH today and said EMA would provide radios. This is different from what was agreed so if you are unable to provide a radio call the field desk at 614-799-6418 from 0800 until 1700. One hospital was under the impression that the SNS was coming on Friday. The SNS is being deployed as we discussed.

I will be at the field desk from 1230 until 1600 Sat and Sun.

Thank You

Denny
