

Standard Operating Guidance for MARCS
State and Federal Asset Movement and Management: Hospitals
Effective May 1, 2009 until further notice

The SO talk group (your specific channel is listed below) are located within zones 22-27. These talkgroups have been established to allow communication between local and state organizations involved in the movement and management of state and/or federal assets during a disaster or incident within each county.

The following entities will monitor the SO talk group for this purpose: Local Law Enforcement, local Sheriff, State Highway Patrol, local and state EMA, local health departments, hospitals and the Ohio Department of Transportation.

Hospitals should adhere to the following procedures to ensure optimum communication abilities during this time:

- Hospital should have 1 MARCS radio turned to their county SO talk group and monitor it 24/7.
- The SO talk group should be used to communicate with the above mentioned entities regarding the movement and/or management of state and federal assets ONLY.
- Routine operational or other incident-related communications should be conducted on the previously established hospital talk group channels.
- If your Hospital only has 1 MARCS radio, please contact your local EMA to obtain another.

Technical Assistance questions should be referred to MARCS@odh.ohio.gov or 614-644-8635. Please leave a brief message and someone will get back to you as soon as possible. In addition, you may contact the Ohio MARCS Office help desk 24/7 at 1-866-646-2727 for technical assistance.
