NOTE: The Data Contained on This Report Contains Repetitive Loss Properties as Well as Mitigated Properties (Properties That Are No Longer Repetitive).

An asterisk (*) next to Community Name means that these properties are reported to be in an unincorporated portion of the county.

Report Description and Use

Report displays repetitive loss summary data by state and community. User selects current repetitive loss properties, mitigated properties, or combined. Report includes number of the selected type of properties in each community in the user's state, as well as community summary statistics. A drill-down to specific property data for each community is available.

Report Drivers

This report provides FEMA Mitigation Staff, regions, and states the opportunity to see whether particular communities/regions need to increase their floodplain management efforts to avoid repetitive losses to their structures.

Field Descriptions

Community Name: Name of the community. Report is broken down into communities, allowing community drill-down.

Comm Number: Six-digit number uniquely identifying the NFIP community

Building Payments: The total amount of payments on losses, excluding contents, for current RL properties in the community.

Contents Payments: The total amount of payments on contents losses for current RL properties in the community.

SRL Properties: Properties that meet the statutory definition of s Severe Repetitive Loss and included on FEMA's tracking list.
