1:35

Exercise Discussion - No Discussion

Spring Co Conference Update – Doubletree, April 22-23 – The Agenda is finalized and has been distributed. Due to recent issues with EMPG a request was made to add an EMPG Discussion to the agenda. The County Directors were all pre-registered by the Training and Exercise Branch for the Conference.

Monthly News Letter Ohio EMA Field Journal – Topics? – It is now two months since the monthly newsletter (Ohio EMA Field Journal) began distribution. A call was made for any recommendations or comments on the new format. Nothing was heard from the field regarding the content or format. Richland County indicated that they were not receiving the newsletter. **Any county that is not receiving the newsletter needs to send the email address(s) where they wish to receive the newsletter, to the OEMA Training and Exercise Branch.**

HazMat Training Update – David sent out an email to the counties requesting input from those wishing to host a HAZMAT IQ Course. The remaining courses are under review and cross reference with the Nov 2013 HMPG training requests. The intent is to provide equitable coverage across the state to maximize training opportunities. Once the final locations are determined, the OHIO EMA training and Exercise Branch will distribute the training locations and dates for the EMA funded HAZMAT courses.

Lisa Training Update - Upcoming courses of special note are the L965 Course in Warren (6/2/14), another PER-304 Social Media for Natural Disaster Response and Recovery is scheduled at OEMA (5/13/14). There are also ICS 300 & 400 courses coming up in Cuyahoga, Franklin, Hamilton Lucas and Vinton counties. Future offerings will include the MGT906-Incident Command System (ICS) TtT (L-449) and ICS 300 / 400 Courses presented by TEEX.

Susan Training Update - **Nothing** new to report.

General Training Discussion – Radiological Testing Kits - Mark Maxwell of Knox County advised that training on the Radiological Testing Kits issued to the county needs updating. Due to the passage of time since the last training and personnel turn-over, refresher training will benefit the counties. An email will be sent to the counties to determine who is interested in the training. **Fall Conference** – The EMAO has formed an educational committee to focus on getting education to the Directors. They are currently looking at material for the fall conference. The week of Sept. 8 2014 is tentatively under consideration for the fall conference at the Ohio Fire Academy.

Next Training Council Meeting: March 27, 2014, 1:30 to 3:30 PM (At Ohio EMA)
