I. Grant-

Group discussed how the grant process was proceeding:

R-2- Purchases are being completed money, has been spent down.

R-3- Money has been spent down to a few dollars.

R-5- Money is spent, waiting on items to be shipped and put in to service.

R-6- Have ID equipment needs, starting to spend money now.

II. TCL-

The TCL document has been completed a copy was provided to Director House.

III. Team Type Verification-

The group is waiting on the return of the surveys. Region coordinators ask for a list of who received the survey so they can reach out to them and request it be completed and returned.

IV. K-9 TAC - No report

V. Animal TAC- No Report

VI. Water Protocol –

Currently reviewing the document against NFPA standards to insure all of the standards are in the document. Ask the group to send any SOG that may help in improving this document. Draft will be provided to Chief Moledor to distribute for next meeting.

VII. Near Drowning –

The group discussed the SOG and the progress being made on the document. Their desire is to have a draft template ready for the State Fire Chief meeting. Hypothermic resuscitation is rapidly becoming the norm in many areas of resuscitation.

VIII. Curriculum Committee –

Progress is being made to insure compliance with issues identified by DHS.

IX. Old Business: Naming coordination previously discussed-Agreed. The total number per team is a local issue.

X. New Business:

Discussed the State Rope and Confined Space classes and the work to get DHS approval to support the prerequisite classes. A request to have copies of the cold-water near-drowning video at the next meeting was made.
