

# Ohio Mobile Emergency Communications Center

## How to Obtain Support

**Urgent requests for immediate assistance**, such as those following a disaster that occurs without warning, should be called immediately to the State Emergency Operations Center (SEOC), (614)-889-7150

**Other requests** should be submitted as follows:

- Requests from local governments should be submitted to the appropriate County Emergency Management Agency.

**All requests** should contain the following information:

- The name, agency, and telephone number of the requestor.
- A description of the event or activity causing the request to be made.
- The date(s) that support is requested.
- The purpose and scope of the requested support.
- The specific support requirements.
