State of Ohio

Family Assistance Center

Field Operations Guide

Job Action Sheets
This document was developed by the Ohio State Coroners Association
Mass Fatality Incident (abbreviated MFI) is an emergency management term used to identify an incident involving more dead bodies and/or body parts than can be located, identified, and processed for final disposition by available response resources.

The Family Assistance Center (FAC) model is a framework for providing family assistance following a mass fatality incident (MFI). Family assistance is defined as the provision of services and information to the family members of those killed and to those injured or otherwise impacted by the incident.

The Victim Identification Center (VIC) is designed to collect antemortem data in order to facilitate the positive identification of each decedent; the data will be compared with postmortem data in order to allow a Coroner/Medical Examiner (C/ME) to determine cause, manner, and time of the decedent’s death.
## K-1 Family Assistance Center Director Position

### Mission:
The Family Assistance Center Director provides leadership and direction for all Family Assistance Center (FAC) operations and ensures coordination with the regional health and medical response, through Health and Medical Area Operations Chief (HMAC), and with local response agencies and partners.

### Direct Supervisor
- Health and Medical Area Operations Chief

### Supervisory Responsibilities
- Planning Section Chief
- Logistics Section Chief
- Operations Section Chief
- Finance/Administration Section Chief
- PIO
- Safety Officer
- Liaison Officer

### Responsibilities
- Serve as the Family Assistance Center Director for all FAC operations
- Oversee all FAC operations
- Develop the FAC objectives for each operational period
- Oversee strategic decision concerning FAC operations
- Coordinate with HMAC on all FAC/HMAC operations

### Activation Duties

**Determine scale and functions of the Family Assistance Center**
- Determine the scale of the FAC
- Determine the services that will be provided at the FAC
- Determine the FAC organization chart for the facility
- Determine the logistical needs of the FAC
- Determine the staffing needs of the FAC
- Determine the FAC location
- Identify expectations, needs and challenges

**Coordinate with Finance and Administration Section Chief to provide activation information to responding staff**
- Reporting time
- Travel instructions
- Any special instructions

**Oversee and direct set-up of the FAC facility**
Establish coordination and communications protocols with HMAC
Establish coordination and communications protocols with the Morgue Operations (if applicable)
Establish coordination and communications protocols with On-Site Incident Command
Coordinate with FAC PIO to ensure key stakeholders are notified of the FAC activation; may include the public, political officials, the media, partner organizations
Official activate the FAC

### Beginning of Shift Duties

- Review previous operational period activities
- Receive briefing from FAC Director from previous operational period
- Develop objectives for current operational period. Ensure the preparation of the current Incident Action Plan
- Conduct initial command staff meeting/briefing
- Establish communications with current Health and Medical Incident Commander
- Establish communications with current Morgue Operations Chief
- Establish a briefing schedule for Command Briefings and General Staff Briefings

### During Shift Duties

- Exercise responsibility for overall FAC operations
- Coordinate activity of all command staff and section chiefs
  - Identify, review and communicate goals and objectives for FAC operation with command staff and section chiefs
  - Provide direction to command staff and section chiefs as needed
  - Ensure accurate and timely information is being released through the PIO
  - Coordinate with key stakeholders through the Liaison Officer
  - Ensure, with Safety Officer, the continued safety of the facility and staff
  - Ensure sections are activated and staffed appropriately as needed
- Maintain communications with Health and Medical Area Commander
- Provide periodic updates to HMAC
- Review and approve all requests for additional resources or staff
- Maintain a written log of all important actions and decisions

### End of Shift Duties

- Brief the incoming FAC Director and Command staff
- Identify operational priorities and urgent missions currently underway or planned
