Empowering clients with data and insights to support critical  
decisioning

## **How Do I Get a DUNS Number?**

Business owners or registered principals can request a Dun & Bradstreet D-U-N-S® Number for free by completing an online application. This process may take up to 30 business days. If your company is required to obtain a D-U-N-S Number for a government contract, you may get a D-U-N-S Number for free, using the link below.

Canadian business owners can register for a D-U-N-S Number on the DNB Express site.

Apple uses the D-U-N-S Number as part of its enrollment verification process for joining the Apple Developer Enterprise Program. Walmart also uses the D-U-N-S Number as part of its processes.

The D-U-N-S Number is used to establish your company's D&B® file, which can help potential partners and lenders learn more about your business, and may also help them make more informed decisions about whether or not to work with you as a client, supplier or partner.

The first step in creating a new D-U-N-S Number is searching to see whether Dun & Bradstreet has already created one for you.

The logo for Dun & Bradstreet, featuring the words "dun" and "bradstreet" in a lowercase, sans-serif font, with a stylized ampersand between them.
