## INTRODUCTION

The State Disaster Relief Program (SDRP) is administered by the Ohio Emergency Management Agency (Ohio EMA), Disaster Recovery Branch. The SDRP is designed to provide financial assistance to local governments and eligible non-profit organizations impacted by disasters. These funds are intended to **SUPPLEMENT NOT SUPPLANT** an applicant's resources and therefore, applicants must demonstrate the disaster has overwhelmed local resources and that other avenues of financial assistance have been exhausted prior to requesting assistance through the SDRP.

In summary, in order to be eligible to apply, three steps are required:

1. *Damage Assessment*: The estimated cost of the disaster must meet a county-wide per capita requirement. This means that the costs associated with eligible work for all potential applicants within a particular county must exceed a dollar amount (adjusted annually in October based on FEMA's changes to the Public Assistance Grant Program's requirements) before that county can be considered for funding. For Federal Fiscal Year 2017, in order to determine your county's per capita, multiple your county population (2010 census) times \$3.61. **Important to note: only those potential applicants that participate in the damage assessment process will be eligible to apply should the SDRP be made available.**
2. *State Actions*: Governor's written authorization and approval by the State Controlling Board: The estimated cost of the disaster, as well as other impacts of the disaster (e.g. road closures, damage to critical infrastructure, concentration of damage, etc.) will all be considered when evaluating a request to authorize the SDRP.
3. *Application to the SDRP*: Once authorized, eligible applicants will follow the application process outlined below.

## DAMAGE ASSESSMENT

In order to evaluate the impact of the disaster on applicants, local damage assessment must be conducted and submitted to Ohio EMA, via the County EMA, no later than forty-five (45) days following the disaster. See the Ohio EMA Assistance Toolbox located at [http://ema.ohio.gov/Recovery\\_DAToolbox.aspx](http://ema.ohio.gov/Recovery_DAToolbox.aspx) for the Public Assistance Damage Assessment Form and more information on the damage assessment process. This information should be updated and modified as more current information is gathered.

## STATE ACTIONS

The SDRP is implemented following Governor's written authorization and funding approval from the State Controlling Board. Ohio EMA will evaluate the damage assessment information and provide an estimated cost of the disaster to the Governor within sixty (60) days of the event in order to facilitate his/her decision making. The Governor will notify Ohio EMA within fifteen days receipt of the estimated cost whether or not the SDRP will be authorized. If authorized, Ohio EMA will coordinate a request to the State Controlling Board for funding. If not authorized, Ohio EMA will notify the County EMA offices of the final decision.

## APPLICATION TO THE SDRP

Within fourteen (14) days of the approval by the State Controlling Board, a letter must be sent to Ohio EMA giving notice that a potential applicant intends to apply for reimbursement through the SDRP. The letter should state the name and address of a point of contact for all matters related to the request. See Appendix 1 for an example. Below is a list of **ATTACHMENTS** to this letter.

- A. Site Lists: Each applicant must submit site lists providing the damage description, scope of work to be completed and estimates to make repairs, See Appendix 2 for sample and format that must be used. Since debris removal (Category A) and Emergency Protective Measures (Category B) generally are “jurisdiction wide” a single representative site is acceptable.
- B. Photos: Each applicant must attach a photo to the applicable site. If you have multiple sites with similar type damage, i.e. berm washout, one sample photo is acceptable, even if there are multiple sites. Please note the site number on the back of the photo or attach to the site estimate form.

## ELIGIBLE APPLICANTS

- A. In order to apply, applicants must meet B or C below and **must have participated in the damage assessment process.**
- B. Political subdivisions: Counties, townships, municipalities, districts and authorities. See Revised Code Section 5502.21 (M), See Appendix 11, Definitions.
- C. B. Non-profit organizations: Any educational, utility, emergency, irrigation, medical, or custodial care facility, including a facility for the aged or disabled, and other facility providing health and safety-type services to the general public. NOTE: If a declaration has been made by the Small Business Administration (SBA), some PNP’s will be required to first apply to the SBA and either be denied a loan or have unmet needs before being considered under the SDRP.

NOTE: National Flood Insurance Program (NFIP): Applicants that are not participating in or not compliant with the NFIP are NOT eligible to apply to the SDRP (flood events only). See ORC Sections 1521.13 and 1521.14. Such participation or compliance must be effective at the time of the application to Ohio EMA.

NOTE: For PNPs, the political subdivision in which the damage is located must be a participant or be compliant with the NFIP.

## WORK AND COST ELIGIBILITY-FUNDING

- A. State disaster relief assistance is limited to reimbursement of 50 percent of eligible costs for regular time labor and 75 percent of eligible costs for all other eligible work.
- B. Eligibility not specifically addressed herein (Appendix 3) will be based on criteria of the FEMA Public Assistance Grant Program.

- C. Mitigation: Ohio EMA will reimburse costs for pre-approved or on a case-by-case basis, mitigation projects. Such costs are subject to the 75% reimbursement percentage. See Appendix 4 for details.
- D. Insurance: Any insurance proceeds must be deducted from the final claim. In addition, Ohio EMA may require an applicant to purchase insurance for insurable items that were affected by the event. See Appendix 5.
- E. Ohio EMA will reimburse the sponsoring organization or a recognized Search and Rescue Team (SRT) in accordance with Appendix 6 of this document. Eligible applicants to the SDRP who utilize the services and assets of a SRT or designated administrative body of an SRT, for locally declared events may be reimbursed if utilized through a mutual aid agreement or as a reasonable contract cost, whichever is applicable. Ohio EMA recommends jurisdictions consider utilizing the Intrastate Mutual Aid Compact (IMAC) as the mechanism to acquire this supplemental assistance.
- F. Alternate Funding Sources: All applicants must demonstrate the efforts taken to locate alternate or additional funding sources. Following review of site lists, Ohio EMA may require applicants to apply to other agencies for funding and be denied or have unmet needs before applying to the SDRP for those sites. See Appendix 7 for phone numbers, addresses and additional sources of Alternate Funding.

#### TIMEFRAMES

All work must be completed within twelve (12) months of the date of the event. An applicant may be granted time extensions on a case by case basis. Time extensions should detail extenuating circumstances beyond the applicant's control that resulted in the incomplete work. Final Request Packets should be submitted within 60 days completion of the final site.

#### NOTICE OF AWARD (NOA)

In order to receive funding, the applicant must provide their federal tax ID number and a Letter of Appointment designating a point of contact for the SDRP if it differs from the person designated in the Letter of Intent. Once Ohio EMA receives this information, the applicant may receive an **Initial** Notice of Award (NOA) based on the *site estimates*. This NOA should be signed and returned to Ohio EMA. When all work is complete and the Final Request Packet has been received and approved for eligibility, the applicant will receive a **Final** Notice of Award. Once the signed original is received by Ohio EMA, the reimbursement payment will be processed.

#### SUPPORTING DOCUMENTS TO THE FINAL REQUEST PACKET

- A. Alternate Funding: Applicant must include certification of other sources of funding received or pursued. If funding is received, the applicant must include in their packet, from whom, how much, and for what those funds were utilized.
- B. Documentation of Costs: Eligible costs must be documented by Category of Work and must be submitted by **site**. See Appendices 3 and 8 for instructions on documenting and completing the Reimbursement Forms, Appendix 9 Schedule of

- Equipment Rates and Appendix 10 for Documentation Checklist. The SDRP cannot reimburse an applicant for un-documented costs. With the exception of contractual services, the applicant **does not** need to submit invoices, vouchers or any other type of backup documentation. The Forms have an area at the bottom certifying that the information included is true and accurate. The applicant should keep copies of invoices, vouchers, etc. with their records in case of audit.
- C. Insurance: The applicant must disclose any insurance proceeds which were available for the losses experienced or the costs claimed.
  - D. Mutual Aid: If the Packet includes mutual aid costs, the applicant should include a copy of the agreement, if a written agreement exists.

#### AUDITS AND RECORDS RETENTION

All records, including the Final Request Packet and all supporting documentation (invoices, vouchers, etc.), shall be maintained by the applicant for a minimum of three (3) years after receipt of reimbursement. If an audit reveals inappropriate use of state funds or if documentation is not available to justify expenditure of the state funds, the Attorney General's Office will be notified and re-coupmnt proceedings may be initiated.

#### OHIO EMA AUTHORITY

All Ohio EMA decisions regarding SDRP eligibility, allowable costs and amounts reimbursed are final, and not appealable.

*The letter of appointment should be typed on official letterhead and the body and signature should be specific to your jurisdiction. **Individuals cannot designate themselves.***

**SAMPLE LETTER OF INTENT**

Executive Director  
Ohio Emergency Management Agency  
2855 West Dublin Granville Road  
Columbus, Ohio 43235-2206

Dear \_\_\_\_\_:

The (**Village/City/Township/County/PNP**) intends to request supplemental financial assistance for damage caused by the (**disaster type**) on (**date**), from the State Disaster Relief Program.

We have designated (**name of individual, title**) to be the contact person for (**name of applicant**) in all matters pertaining to this request. This individual will ensure that all required information is sent to the Ohio Emergency Management Agency within the required time frames and may be reached at (**phone number**).

The required site lists and photos are enclosed.

**(Chief Executive Officer)**

## SAMPLE SITE ESTIMATE FORM

		Sheet	1	of	5	Sheets
<b>PART I - APPLICANT INFORMATION</b>						
COUNTY	NAME OF APPLICANT		NAME OF LOCAL CONTACT		PHONE NUMBER	
<b>PART II - SITE INFORMATION</b>						
<b>KEY FOR DAMAGE CATEGORY (Use appropriate letters in the "category" blocks below)</b>						
a. DEBRIS REMOVAL		e. BUILDINGS, CONTENTS, VEHICLES				
b. PROTECTIVE MEASURES		f. UTILITIES				
c. ROADS AND BRIDGES						
SITE NO.	CATEGORY	LOCATION (Use map location, address, etc.)				
1	A	Jurisdiction wide				
DESCRIPTION OF DAMAGE AND SCOPE OF WORK TO BE COMPLETED, IF APPLICABLE						
The severe storms generated approximately 30 cubic yards of woody debris. We utilized 40 hours of employee regular time hours, 40 hours of dumptrucks, chainsaws and front end loaders to remove the debris from the road right of way and either leave on the side of the road or take to the township garage for pick up by residents for firewood.						
IMPACT			% COMPLETE		COST ESTIMATE	
Roads were blocked for approximately 24 hours until the initial clearance could be completed			100%		\$4,400	
SITE NO.	CATEGORY	LOCATION (Use map location, address, etc.)				
2	C	Anywhere Road (intersection of Anywhere Road and High Street)				
DESCRIPTION OF DAMAGE AND SCOPE OF WORK TO BE COMPLETED, IF APPLICABLE						
The heavy rains caused the washout of this gravel road. An area approximately the size of 16'x50'x3" of gravel will need to be replaced.						
IMPACT			% COMPLETE		COST ESTIMATE	
This road is hazardous to the traveling public.			0%		\$5,000	
SITE NO.	CATEGORY	LOCATION (Use map location, address, etc.)				
3	E	Township garage				
DESCRIPTION OF DAMAGE AND SCOPE OF WORK TO BE COMPLETED, IF APPLICABLE						
Approximately 5" of water entered the Township garage causing damage to drywall and some contents. An area of drywall will need replaced (18"x30') and repainted. A full content replacement listing is attached. The Township has flood insurance that will cover all damage with the exception of a \$500 deductible.						
IMPACT			% COMPLETE		COST ESTIMATE	
			15%		\$500	

## ELIGIBILITY

### ***Eligible Work must be:***

- Required as a direct result of the declared disaster. Do not include costs for deferred maintenance or damage that predates the disaster.
- Located within the county authorized for SDRP, and;
- Be the legal responsibility of an eligible applicant.

### ***Eligible Costs must be:***

- Directly tied to the performance of eligible work;
- Adequately documented;
- Reduced by all applicable credits, such as insurance;
- Authorized and not prohibited under State, or local government laws or regulations, and;
- Necessary and reasonable to accomplish the work properly and efficiently.

### ***Eligible Categories of Work:***

Category A – Debris Removal; Category B – Emergency Protective Measures (e.g. fire/police); Category C – Roads and Bridges; Category E – Buildings, contents and vehicles; Category F – Utilities

### ***Documenting Performed Work***

Labor costs - All labor hours (use of your own employees) should be documented. For emergency work (Categories A-B) only overtime/comp time will be reimbursed. For permanent work (Categories C, E and F) overtime/comp time and regular time will be reimbursed.

Equipment costs - Reimbursement will be based on the most current FEMA Schedule of Equipment Rates (Appendix 10). For each hour a piece of equipment is operated an hour of labor must be identified. The equipment rates include fuel and maintenance, therefore, these should not be claimed for reimbursement.

Materials costs - Cost of materials and supplies used in the response/recovery (from stock, or purchased during the emergency).

Rented equipment – Include invoices and proof of payment for any rented equipment.

Contract work – Document the entire procurement process and follow local and state procurement regulations.

Mutual aid - If there is a written mutual aid agreement which provides for reimbursement in effect between political subdivisions or PNPs at the time of the disaster, these costs may be eligible. The receiving entity can claim these costs once they are billed by the providing entity and the receiving entity provides payment to them. Provide a copy of the mutual aid agreement.

## MITIGATION PROJECTS

Mitigation measures must be related to eligible disaster-related damages and must directly reduce the potential of future, similar disaster damages to the eligible facility. These opportunities usually present themselves during the repair/replacement efforts. Mitigation measures must be determined to be cost-effective. Any one of the following means may be used to determine cost-effectiveness:

1. Measures may amount to up to 15% of the total eligible cost of the eligible repair work on a particular project.
2. Certain mitigation measures (see below) will be determined to be cost-effective, as long as the mitigation measure does not exceed the eligible cost of the eligible repair work on the project. These measures are determined to be cost-effective if they:
  - Do not exceed 100% of project cost;
  - Are appropriate to the disaster damage;
  - Will prevent future similar damage;
  - Are directly related to the eligible damaged elements;
  - Do not increase risks or cause adverse effects to the property or elsewhere;
  - Meet standards of good professional judgment.

## INFRASTRUCTURE SYSTEMS

### A) Drainage/crossings and bridges

- 1) Drainage structures – When drainage structures are destroyed, replacing the structure with multiple structures or a larger structure. However, structures need to be considered with regard to a total drainage system and should not be replaced without a watershed hydrology study.
- 2) Low span bridges – Demolish/replace damaged low span bridges or other crossings that act to collect debris, increase flooding, and/or can be severely damaged.
- 3) Low-water crossings – Where traffic counts are low, replacing bridges with carefully placed low-water crossings.
- 4) Debris traps – Installing traps upstream of a culvert to prevent culverts from becoming clogged by vegetation.
- 5) Gabion baskets, riprap, sheet-piling, and geo-textile fabric installation – Installation to control erosion.
- 6) Headwalls and wing walls – Installation to control erosion.
- 7) Restraining cables on bridges – Installation of cables to restrain a bridge from being washed off piers or abutments.

### B) Sanitary and storm sewer systems

- 1) Access covers – When feasible, access covers can be elevated to the hydraulic grade line. There are a number of devices that prevent infiltration into access holes.
  - 2) Sewer lines –
    - i) Repair, lining or encasement of damaged sections to prevent infiltration or structural collapse.
    - ii) Relocating sections of damaged sewer lines to avoid damage from slip-out on roads or to avoid damage to lines crossing a stream or drainage area.
  - 3) Pump stations –
    - i) Equipment or controls in a pump station that are subject to damage from the 100-year flood can be elevated. Pump station buildings can be dry flood-proofed.
    - ii) Installation of camlocks, transfer switches, and electrical panels to ease the hook-up of portable emergency generators.
- C) Wastewater treatment plants
- 1) Elevation of equipment and controls that can be elevated easily.
  - 2) Dry or wet flood-proofing of buildings.
- D) Potable water
- 1) Well systems –
    - i) Reduction of infiltration and subsequent contamination of the aquifer. Methods include casing the well or raising the elevation of the well head.
    - ii) Elevation of controls, mechanical equipment, or electrical service associated with use of the well to protect them from flood damage.
  - 2) Raw water intakes – Strengthening to prevent damage from erosion, scour and flood debris.
  - 3) Water treatment plants –
    - i) Elevation of equipment and controls that can be elevated easily.
    - ii) Dry flood-proofing.
- E) Electric power distribution
- 1) Pad-mounted transformers – elevating above the base flood elevation, or lowering them or burying them in non-flood, high-wind areas.
  - 2) Using multiple poles to support transformers.
  - 3) Burying lines.
  - 4) Anchoring or otherwise protecting fuel tanks from movement in a disaster.
  - 5) Replacing damaged poles with higher-class pole, or with a different material pole such as replacing wood poles with spun concrete.
  - 6) Adding guy wire or other additional support to power lines.
  - 7) Removing large diameter communication lines from power poles.
  - 8) Providing looped distribution service or other redundancies in the electrical service to critical facilities.
- F) Above ground storage tanks – Strengthening or stiffening base connections.
- G) Underground pipelines – Installation of shut-off valves (based on accepted practice) so that damaged sections of pipeline can be isolated.

## **BUILDINGS – GENERAL**

- A) General effects of flood damage
    - 1) Buildings substantially damaged under NFIP regulations – Repair, dry flood-proofing, or elevation so they are protected to meet minimum NFIP regulations. If the building is replaced, rather than repaired, no mitigation is appropriate.
    - 2) Buildings not substantially damaged under NFIP regulations – If technically feasible, dry flood-proofing. Electrical panels, machinery rooms, emergency generators can be elevated above the Base Flood Elevation or dry flood-proofed. If dry flood-proofing is not feasible, these buildings should be wet flood-proofed.
  
  - B) Roofs – Because the failure of a roof covering can lead to extensive damage to contents and operation, damaged roofing should never be replaced with the same material unless the cause of failure has been identified and corrected.
    - 1) Low slope roofs – Replacement of the entire roof with a roof covering with a secondary membrane and a fully adhered roof covering that is not subject to progressive failure, such as a modified bitumen. Mechanically fastened insulation or membranes are not acceptable.
    - 2) Curbing and flashing – Single membrane and built up roofs can be susceptible to progressive failure from flashing and curbing failure. These items should be inspected and repaired or replaced. National Roofing Contractors can provide technical advice.
    - 3) Ballasted roof systems – Roof systems with gravel or other small ballast should be replaced with ballast of sufficient weight that it does not become airborne causing increased damages.
    - 4) Roof-mounted equipment should be attached to a foundation that will resist expected wind forces.
  
  - C) Anchoring – Anchoring of mechanical and electrical equipment in critical facilities.
  - D) Flexible piping – Installation of flexible piping at pipe/conduit connections to equipment to accommodate expected movement in an earthquake.
  - E) Bracing –
    - 1) Bracing of overhead pipes and electrical lines to meet seismic loads.
    - 2) Bracing interior walls and partitions that could collapse, preventing safe exit from the building.
    - 3) Bracing parapets, anchoring veneer or cladding, and bracing other non-structural elements that could collapse and cause injury or block safe exit of a building during an earthquake.
  - F) Replacement of glass – Replacement of glass (with break resistant material) in mullions to prevent breakage and fallout in the event of building movement.
3. Measures that exceed the above costs must demonstrate through an acceptable benefit-cost analysis that it is cost-effective. The benefit-cost analysis will be performed by Ohio EMA in coordination with the applicant.

## INSURANCE REQUIREMENTS

1. Actual or anticipated insurance recoveries will be deducted from eligible costs.
2. Purchase of insurance is not required when the total loss is less than \$5,000 (only insurable items such as buildings and equipment).
3. When insurance is required as a condition of approval, the applicant must provide the State with acceptable assurances that the applicant, at a minimum, has or obtains, and maintains insurance for the amount of loss.
4. The State will require flood insurance for flood-damaged buildings located both inside and outside the Special Flood Hazard Area when such insurance is reasonably available, adequate and necessary.
5. No reimbursement can be provided for damage to a facility for which assistance was previously received unless insurance was obtained and maintained as required.

## SEARCH AND RESCUE

The Ohio EMA will reimburse the Sponsoring Organization of Task Force 1 when called by Ohio EMA under a Governor's Proclamation of Emergency. The Sponsoring Organization will be reimbursed 100% of eligible costs, as outlined below:

### **Labor**

#### **Sponsoring Organization Personnel**

Over/Comp Time costs; including fringes, for *deploying* personnel and those involved in mobilization, support and demobilization. Eligibility period is Portal-to-Portal time frame, including up to 72 hours past deactivation date for rehabilitation activities. Program Labor Form(s) will be submitted as part of Final Claim.

#### **Non-Sponsoring Organization Personnel**

Cost incurred in accordance with use of non-agency members under the Task Force Pay Policy: Non-Agency Personnel. Rates will be based on the current AGREEMENT FOR REIMBURSEMENT FOR SERVICES; NON-AGENCY PERSONNEL (Appendix 1 to this Agreement). (Labor Form).

### **Lodging/Meals**

Meals and lodging costs for Portal-to-Portal operations, including rehabilitation activities. (Materials Form-meals, Contract Form, lodging).

### **Transportation**

Reasonable costs incurred in transporting personnel or equipment from the Point of Assembly to the Point of Departure, including hiring of equipment for this purpose. The FEMA Schedule of Equipment Rates or SRT adopted rates will be utilized when Organization equipment is utilized for this function. The lower rate should be used. (Contract Form-external resources, Equipment Form-organizational equipment).

### **Equipment**

Organizational equipment utilized for SRT activities in the field will be reimbursed under the FEMA Schedule of Equipment Rates or a reasonable hourly rate for equipment not listed on the FEMA Schedule. (Equipment Form).

### **Materials**

Supplies and materials consumed during deployment/performance of S&R duties. (Materials Form).

***Note: If you have a site with damage to water and wastewater facilities/systems where estimates exceed \$5,000, you will be required to seek alternate funding from the applicable agencies listed above prior to seeking reimbursement through the SDRP.***

### Summary Sheet Instructions

Complete the Sheet as follows:

- Heading:
  - **Applicant Name:** Enter the name of your local government or PNP.
  - **Location:** Provide a brief explanation of the location (xyz road).
  - **Site:** Provide the applicable site number from your Site Estimate forms.
  - **County:** Provide your county
  - **Category:** Provide the applicable category.
  - **Description of Work:** Provide a brief description of the work performed.
- **Claimed cost:** Enter the total cost of labor, equipment, materials, rented equipment, and contract that is applicable to the site.
- **Comments:** Enter any applicable comments for the site.
- **Eligible costs:** Leave blank

### Labor Summary Sheet Instructions

- If you have an established way to document labor hours that includes the below information, you do not need to transfer that to this Labor Summary Sheet. You can provide your established documentation.
- Record regular and overtime hours separately.
- Record the benefits separately for regular and overtime hours. Most overtime hours include fewer benefits than regular hours.

Complete the Sheet as follows:

- **Heading:**
  - **Applicant Name:** Enter the name of your local government or PNP.
  - **Location:** Provide a brief explanation of the location (xyz road).
  - **Site:** Provide the applicable site number from your Site Estimate forms.
  - **Category:** Provide the applicable category.
  - **Description of Work:** Provide a brief description of the work performed.
- **Dates:** Enter all dates worked.
- **Employee Name:** Enter the names of each employee who worked on the site (please remember to include trustees, if applicable, even though reimbursement of their hourly rate is not eligible).
- **Title/Occupation:** Enter the title or occupation of each employee who worked on the site.
- **REG:** Enter the regular hours that each employee worked on the site.
- **OT:** Enter the overtime hours that each employee worked on the site.
- **Total HR:** Total the hours for each employee and enter the result in this block.
- **Rate/Hr:** Enter each employee's hourly rate.
- **Benefits/Hr:** Enter each employee's hourly benefit rate. There should be different percentages for benefits pertaining to regular and overtime wages.
- **Total Rate/Hr:** Add the employee's hourly rate in the Rate/Hr block and the hourly benefits rate in the Benefits/Hr block and enter the result here.
- **Total Cost:** Multiply the entries in the Total Hr and Total Rate/Hr blocks and enter the result here.
- **Total Cost for Labor Regular Time:** Add the entries in the Total Cost, REG block for each employee and enter the results here.
- **Total Cost for Labor Overtime:** Add the entries in the Total Cost, OT block for each employee and enter the results here.

### Equipment Summary Sheet Instructions

- If you have an established way to document labor hours that includes the below information, you do not need to transfer that to this Labor Summary Sheet. You can provide your established documentation.
- Reminder that fuel and maintenance are included in the hourly rate, and therefore, do not need tracked separately.

Complete the record as follows:

- **Heading**
  - **Applicant Name:** Enter the name of your local government or PNP.
  - **Location:** Provide a brief explanation of the location (xyz road).
  - **Site:** Provide the applicable site number from your Site Estimate forms.
  - **Category:** Provide the applicable category.
  - **Description of Work:** Provide a brief description of the work performed.
- **Date:** Enter all dates worked.
- **FEMA Code:** Enter the FEMA cost code for the equipment from the Schedule of Equipment Rates.
- **Equipment Description:** Enter a brief description of the equipment, including the rated horsepower or capacity of the equipment. Be sure to include this information if you also use a trade name or common name to describe the equipment, i.e. Ditch Witch.
- **Operator:** Enter the equipment operator's name.
- **Hours Used:** Enter the hours the equipment was used on the project.
- **Cost/Hour:** Enter the hourly cost to use the equipment.
- **Total Cost:** Multiply the number of Hours Used block by the number in the Cost/Hour block and enter the result here.
- **Total Cost for Equipment:** Add the numbers in the Total Cost blocks and enter the result here.

### Material Summary Sheet Instructions

Complete the record as follows:

- **Heading:**
  - **Applicant Name:** Enter the name of your local government or PNP.
  - **Location:** Provide a brief explanation of the location (xyz road).
  - **Site:** Provide the applicable site number from your Site Estimate forms.
  - **Category:** Provide the applicable category.
  - **Description of Work:** Provide a brief description of the work performed.
- **Vendor:** Enter the name of the supplier.
- **Description:** Enter a brief description of the supplies or materials used or purchased.
- **Quantity:** Enter the quantity of materials used.
- **Unit price:** Enter the unit price.
- **Total price:** Enter the total cost claimed for the type of material.
- **Date purch:** Enter the date the material was purchased.
- **Date used:** Enter the date, or date range, the material was used.
- **Info From (Check One):** Was the material purchased for the repair (invoice) or used from material on hand (stock).
- **Total:** Total at the bottom of the sheet.

### Rented Equipment Sheet Instructions

Complete the record as follows:

- Heading
  - **Applicant Name:** Enter the name of your local government or PNP.
  - **Location:** Provide a brief explanation of the location (xyz road).
  - **Site:** Provide the applicable site number from your Site Estimate forms.
  - **Category:** Provide the applicable category.
  - **Description of Work:** Provide a brief description of the work performed.
- **Type of Equipment (Indicate size, capacity, horsepower, make & model):** Enter applicable information.
- **Dates and hours used:** Enter the dates and hours used for each day the equipment was used.
- **Rates per hour:** Enter the rate per hour whether with an operator (w/opr) or without an operator (w/out opr).
- **Total Cost:** Enter the total cost for the piece of equipment.
- **Vendor:** Enter the name of the company from which you rented or leased the equipment.
- **Invoice number:** Enter the invoice number.
- **Date and Amount Paid:** Enter the date and amount paid to the vendor.
- **Check #:** Enter the check number.

### Contract Summary Sheet Instructions

Complete the record as follows:

- Heading
  - **Applicant Name:** Enter the name of your local government or PNP.
  - **Location:** Provide a brief explanation of the location (xyz road).
  - **Site:** Provide the applicable site number from your Site Estimate forms.
  - **Category:** Provide the applicable category.
  - **Description of Work:** Provide a brief description of the work performed.
- **Dates worked:** Enter the dates on which work was performed.

Schedule of Equipment Rates

Main Content

The rates on this Schedule of Equipment Rates are for applicant-owned equipment in good mechanical condition, complete with all required attachments. Each rate covers all costs eligible under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. § 5121, et seq., for ownership and operation of equipment, including depreciation, overhead, all maintenance, field repairs, fuel, lubricants, tires, OSHA equipment and other costs incidental to operation. Standby equipment costs are not eligible.

Equipment must be in actual operation performing eligible work in order for reimbursement to be eligible. LABOR COSTS OF OPERATOR ARE NOT INCLUDED in the rates and should be approved separately from equipment costs.

Information regarding the use of the Schedule is contained in 44 CFR § 206.228 Allowable Costs. Rates for equipment not listed will be furnished by FEMA upon request. Any appeals shall be in accordance with 44 CFR § 206.206 Appeals. These rates are in effect for all disasters declared on or after July 1, 2015.

## Documentation Checklist

The following is a general outline of documentation required for all Site Estimates. Documentation you submit per Site will depend on how work was completed, contract, force account or a combination. All Summary Sheets should be signed and if backup is required, it has been noted. If you contracted for more than one aspect of a Site (i.e. construction and engineering and design services) you will need to attach applicable documentation for each and/or explain why you did not follow each procurement step.

### Contractual Services

and/or

### Force Account/Rented Equipment

In house forces and/or rented equipment

#### **Method of Procurement (which was used)**

\_\_\_\_\_ Small purchase or;  
\_\_\_\_\_ Sealed bid or;  
\_\_\_\_\_ Competitive proposal or;  
\_\_\_\_\_ Non-competitive proposal (will require additional explanation)

\_\_\_\_\_ **Copy of Cost Analysis**

#### **Proof of Competition**

\_\_\_\_\_ Copies of advertisements or;  
\_\_\_\_\_ Copies of solicitation letters or;  
\_\_\_\_\_ List of vendors contacted (small purchase)

#### **Copy of Contractor Proposals**

\_\_\_\_\_ Bid tabulations or;  
\_\_\_\_\_ Copy of quotes

#### **Awarding of Contract \***

\_\_\_\_\_ Signed Contract  
\* If low bid not taken, provide explanation

#### **\_\_\_\_\_ Copies of Invoices and Proof of Payment, summarized on a Contract Summary Record**

\_\_\_\_\_ If a time and material contract was used, send sampling of source documentation for contractor invoices, i.e. time cards, per diem receipts, invoices for materials purchased, etc. and documentation supporting monitoring

#### **Send all documentation to:**

Ohio Emergency Management Agency  
State Disaster Relief Program  
2855 W. Dublin Granville Road  
Columbus, Ohio 43235  
Phone: 614-799-3665; Fax: 614-791-0018

#### **Force Account Summary Record**

\_\_\_\_\_ **Labor Summary Record(s)**  
You may be required to submit time cards

\_\_\_\_\_ **Equipment Summary Record(s)**  
You may be required to submit vehicle usage logs

\_\_\_\_\_ **Materials Summary Record(s)**  
If materials were taken from stock, no additional backup necessary. However, if materials were purchased, invoices and proof of payment required. \*\*

\_\_\_\_\_ **Rented Equipment Record(s)**  
Backup should include copy of lease agreement, invoices and proof of payment. If equipment was rented without an operator, you need to include a Labor Summary Record to record the operator's hours worked.

\*\* If you purchased certain materials several times but for the same unit price, you only need to send a sampling of the invoices/ proof of payment. You just need to document the unit price being claimed on the Material Summary Record.

#### **Other**

\_\_\_\_\_ **Permits – Copy of applicable/ required permits**

*Revised: August 2012*

**ADDRESSING COMPLAINTS OF EMPLOYMENT DISCRIMINATION AGAINST ODPS GRANT RECIPIENTS**

Date of Revision : **8/30/2011**

Priority Review : **All Employees ; All Supervisors**

Distribution : **All ODPS Divisions**

**Summary of Revisions**

New policy to ensure compliance with federal laws and regulations prohibiting employment discrimination.

**Purpose**

To provide guidelines and procedures that allow the Ohio Department of Public Safety (ODPS) to process and forward complaints alleging employment discrimination by employees or applicants of ODPS grant recipients.

**Policy**

**A. STATEMENT OF POLICY**

1. It is the policy of ODPS to prohibit discriminatory employment practices against anyone employed by an ODPS grant recipient, and to ensure all employees have equal employment opportunity. It is the policy of the State of Ohio and ODPS to ensure a working environment free from any discrimination and to prohibit sexual harassment of applicants, customers, clients, and employees, including discriminatory sexual advances or harassment adversely affecting an employee's terms and conditions of employment either directly or indirectly. ODPS will ensure that grant recipients comply with all applicable federal laws regarding employment discrimination.
2. **RETALIATION**
  - a. Persons who believe they have been discriminated against on basis of their membership in a protected class (race, color, religion, sex, national origin, disability, age, ancestry, or military status) shall not be retaliated against in terms and conditions of employment or services for exercising their right to file a discrimination complaint or inquiry.
  - b. No person who participates in the investigation of a complaint, or is a witness in an investigation, or brings attention to a person in authority, of an alleged discrimination complaint shall be retaliated against.

**B. DEFINITIONS**

1. **Discrimination:** To make a distinction, show bias towards, or be prejudicial against, a person or thing on the basis of the group, class, or category to which the person or thing belongs, rather than according to actual merit.
2. **Civil Rights Complaint Coordinator:** Person designated by ODPS who is responsible for acknowledging discrimination complaints filed by employees or applicants of ODPS grant recipients and forwarding them to one of the following: U.S. Equal Employment Opportunity Commission (EEOC); the U.S. Department of Justice (DOJ), Office for Civil Rights (OCR); the Ohio Civil Rights Commission (OCRC); or other appropriate agency. The ODPS EEO

- Manager shall be the designated Civil Rights Complaint Coordinator.
3. **Grant Recipient:** An agency or organization that receives funding from a division within ODPS, whether it is federal pass-through funding or a state grant. ODPS divisions that provide grants to agencies and organizations include the Office of Criminal Justice Services (OCJS), Ohio Emergency Management Agency (EMA) and Ohio Homeland Security (OHS).
  4. **Retaliation:** Occurs when adverse action is taken against an individual in a protected class because he or she engaged in protected activity.
  5. **Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. §3789d(c)(1)):** Prohibits discrimination on the basis of race, color, religion, national origin, and sex, in regard to both employment practices and the delivery of services, in any program or activity receiving federal financial assistance under this statute as set forth in the DOJ implementing regulations (28C.F.R. Part 42, Subpart D).
  6. **Title II of the Americans with Disabilities Act of 1990 (42 U.S.C. §12132):** Prohibits discrimination against qualified individuals with disabilities, in regard to both employment and the delivery of services or benefits, in all programs, activities, and employment and the delivery of services or benefits, in all programs, activities, and services of public entities as set forth in DOJ implementing regulations (28 C.F.R. Part 35).
  7. **Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. §794):** Prohibits discrimination on the basis of disability, in regard to both employment and the delivery or services or benefits, in any program or activity receiving federal financial assistance as set forth in the DOJ implementing regulations (28 C.F.R. Part 42, Subpart G).
  8. **Title IX of the Education Amendments of 1972 (20 U.S.C. §1681):** Prohibits discrimination on the basis of sex, in regard to both employment and the delivery of services or benefits, in educational programs receiving federal financial assistance as set forth in the DOJ implementing regulations (20 C.F.R. Part 54).

### C. COMPLAINT PROCEDURES

1. ODPS shall accept and acknowledge all discrimination complaints from employees or applicants of ODPS grant recipients. All discrimination allegations and complaints shall be referred to the designated ODPS Civil Rights Complaint Coordinator.
2. An employee or applicant of an ODPS grant recipient may file a complaint of discrimination via e-mail to the appropriate ODPS grant coordinator or via U.S. Mail directly to the attention of the ODPS Civil Rights Complaint Coordinator (1970 West Broad Street, Columbus, OH 43223). The complaint should include the complainant's name, contact information, and a brief explanation of the alleged discrimination. If the complaint is sent to an ODPS Grant Coordinator, that employee shall forward it immediately to the ODPS Civil Rights Complaint Coordinator.
3. The Complaint Coordinator shall provide an acknowledgement of the complaint to the employee or applicant of the ODPS grant recipient via e-mail or in a letter confirming the complaint has been received. The contents of the acknowledgement response must include information specifying the external agency to which the complaint has been forwarded for investigation. If the complaint is against an ODPS grant recipient implementing funding from the DOJ and the ODPS is not forwarding the complaint to the OCR, the acknowledgement response shall also notify the complainant that he / she

may file a complaint directly with the OCR at the following address:

**U.S. Department of Justice (DOJ)  
Office of Justice Programs  
Office for Civil Rights (OCR)  
810 Seventh Street NW  
Washington, D.C. 20531**

4. The Complaint Coordinator shall then forward the complaint to the EEOC, DOJ-OCR, OCRC, or other appropriate agency. The complaint shall be investigated by the appropriate agency.
5. All employees or applicants of ODPS grant recipients shall have access to these procedures at any time via the ODPS website (<http://publicsafety.ohio.gov>).
6. Any employee or applicant of an ODPS grant recipient may choose to file a complaint directly with the grant recipient, EEOC, DOJ-OCR (if the grant recipient receives funding from the DOJ), OCRC, or other appropriate agency as opposed to filing with ODPS. If a complaint is filed directly with the grant recipient or with an outside agency, once the grant recipient becomes aware of the complaint, the grant recipient must notify the ODPS Civil Rights Complaint Coordinator of the complaint and how it is being investigated.

#### **D. TRAINING**

1. ODPS shall provide annual training for agency employees on these complaint procedures. The training shall explain an employee's responsibility to refer discrimination complaints from employees or applicants of ODPS grant recipients to the Complaint Coordinator. This information shall be disseminated to new ODPS employees during new employee orientation training or as appropriate. The ODPS shall also disseminate a copy of these complaint procedures to ODPS grant recipients.
2. The current policy shall be evaluated annually to determine its effectiveness. ODPS shall make any necessary changes to ensure the complaint process is timely and efficient.

**ADDRESSING CIVIL RIGHTS COMPLAINTS FROM CLIENTS OF THE DEPARTMENT OF PUBLIC SAFETY OR CLIENTS OF SUBRECIPIENTS**

Date of Revision : **8/30/2011**

Priority Review : **All Employees ; All Supervisors**

Distribution : **All ODPS Divisions**

**Summary of Revisions**

New policy to ensure compliance with Title VI of the Civil Rights Act of 1964 and other federal laws and regulations prohibiting discrimination.

**Purpose**

To provide guidelines and procedures that allow the Ohio Department of Public Safety (ODPS) to process and forward complaints alleging discrimination from clients, customers, program participants, or consumers of ODPS or ODPS grant recipients.

**Policy**

**A. STATEMENT OF POLICY**

1. All individuals have the right to participate in programs and activities operated by ODPS and ODPS grant recipients regardless of race, color, national origin, sex, religion, disability, and age. ODPS will make every effort to ensure ODPS and its grant recipients comply with Title VI of the Civil Rights Act of 1964, the Omnibus Crime Control and Safe Streets Act of 1968, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, Title IX of the Education Amendments of 1972, the Age Discrimination Act of 1975, and the DOJ regulations on the Equal Treatment for Faith-Based Organizations.
2. **RETALIATION**
  - a. Persons who believe they have been discriminated against on the basis of their membership in a protected class (race, color, religion, sex, national origin, disability, age, ancestry, or military status) shall not be retaliated against in terms and conditions of employment or services for exercising their right to file a discrimination complaint or inquiry.
  - b. No person who participates in the investigation of a complaint, or is a witness in an investigation, or brings attention to a person in authority, of an alleged discrimination shall be retaliated against.

**B. DEFINITIONS**

1. **Discrimination**: To make a distinction, show bias towards, or be prejudicial against, a person or thing on the basis of the group, class, or category to which the person or thing belongs, rather than according to actual merit.
2. **Civil Rights Complaint Coordinator**: Person designated by ODPS who is responsible for receiving and acknowledging discrimination complaints and forwarding them to the U.S. Department of Justice (DOJ), Office of Justice Programs, Office for Civil Rights (OCR); the Ohio Civil Rights Commission (OCRC), or other appropriate agency for review of the complaint to determine if a violation was committed. The ODPS EEO Manager shall be the designated

- Civil Rights Complaint Coordinator.
3. **Grant Recipient:** An agency or organization that receives funding from a division within ODPS, whether it is federal pass-through funding or a state grant. ODPS divisions that provide grants to agencies and organizations include, but are not limited to, the Office of Criminal Justice Service (OCJS), Ohio Emergency Management Agency (EMA) and Ohio Homeland Security (OHS).
  4. **Retaliation:** Occurs when adverse action is taken against an individual in a protected class because he or she engaged in protected activity.
  5. **Title VI of the Civil Rights Act of 1964 (42 U.S.C. §2000d):** Prohibits an individual from being excluded from participation in, being denied the benefits of, or being subjected to discrimination under any program or activity receiving federal financial assistance on the basis of race, color, or national origin as set forth in the DOJ implementing regulations (28 C.F.R. Part 42, Subpart C).
  6. **Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. §3789d(c)(1)):** Prohibits recipients that receive federal funding under this statute from discriminating, either in employment practices or in the delivery of services or benefits, on the basis of race, color, religion, national origin, and sex as set forth in the DOJ implementing regulations (28 C.F.R. Part 42, Subpart D).
  7. **Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. §794):** Prohibits discrimination on the basis of disability, in regard to both employment and the delivery of services or benefits, in any program or activity receiving federal financial assistance as set forth in the DOJ implementing regulations (28 C.F.R. Part 42, Subpart G).
  8. **Title II of the Americans with Disabilities Act of 1990 (42 U.S.C. §12132):** Prohibits discrimination against qualified individuals with disabilities, in regard to both employment and the delivery of service or benefits, in all programs, activities, and services of public entities as set forth in the DOJ implementing regulations (28 C.F.R. Part 35). Title II applies to all state and local governments, their departments and agencies, and any other instrumentalities or special purpose districts of state or local governments.
  9. **Title IX of the Education Amendments of 1972 (20 U.S.C. §1681):** Prohibits discrimination on the basis of sex in educational programs and activities that receive federal financial assistance as set forth in the DOJ implementing regulations (28 C.F.R. Part 54).
  10. **Age Discrimination Act of 1975 (42 U.S.C. §6102):** Prohibits discrimination on the basis of age in the programs and activities receiving federal financial assistance as set forth in the DOJ implementing regulations (28 C.F.R. Part 42, Subpart I). The Act, which applies to all ages, permits the use of certain age distinctions and factors other than age that meet the Act's requirements.
  11. **DOJ regulations on the Equal Treatment for Faith-Based Organizations:** Prohibits discrimination on the basis of religion in the delivery of services and prohibits organizations from using DOJ funding on inherently religious activities (28 C.F.R. Part 38).

### C. COMPLAINT PROCEDURES

1. ODPS shall accept and acknowledge all discrimination complaints from clients, customers, program participants, or consumers of ODPS or ODPS grant recipients. All discrimination allegations and complaints shall be referred to the designated ODPS Civil Rights Complaint Coordinator.

2. A client, customer, program participant, or consumer may file a complaint of discrimination via e-mail to the appropriate ODPS grant coordinator or via U.S. Mail to the attention of the ODPS Civil Rights Complaint Coordinator (1970 West Broad Street, Columbus, Oh, 43223). The complaint should include the complainant's name, contact information, and a brief explanation of the alleged discrimination. If the complaint is sent to an ODPS Grant Coordinator, that employee shall forward it immediately to the ODPS Civil Rights Complaint Coordinator.
3. The Complaint Coordinator shall provide an acknowledgement of the complaint to the client, customer, program participant, or consumer via e-mail or in a letter confirming the complaint has been received. The contents of the acknowledgement response must include information specifying the external agency to which the complaint has been forwarded for investigation, and provide information in which the complainant can contact that agency directly. If the complaint is against the ODPS or an ODPS grant recipient implementing funding from the DOJ and the ODPS is not forwarding the complaint to the OCR, the acknowledgement response shall also notify the complainant that he / she may file a complaint directly with the OCR at the following address:

**U.S. Department of Justice (DOJ)  
Office of Justice Programs  
Office of Civil Rights (OCR)  
810 Seventh Street NW  
Washington, D.C. 20531**

4. The Complaint Coordinator shall then forward the complaint to OCR, OCRC, or other appropriate agency. The complaint shall be investigated by the appropriate agency.
5. All clients, customers, program participants, or customers of ODPS or ODPS grant recipients shall have access to these procedures at any time via the ODPS website (<http://publicsafety.ohio.gov>).
6. Any client, customer, program participant, or consumer may choose to file a complaint directly with the DOJ-OCR (if the complaint is against the ODPS or an ODPS grant recipient implementing funding from DOJ), OCRC, the appropriate agency as opposed to filing with ODPS, or directly with the grant recipient. If a complaint is filed directly with an outside agency, ODPS requests that a courtesy copy be forwarded to the ODPS Civil Rights Complaint Coordinator by the complainant. If the complaint is against an ODPS grant recipient, once the grant recipient becomes aware of the complaint, the grant recipient must notify the ODPS Civil Rights Complaint Coordinator of the complaint and how it is being investigated.

#### **D. TRAINING**

1. ODPS shall provide annual training for agency employees on these complaint procedures. The training shall explain an employee's responsibility to refer discrimination complaints from clients, customers, program participants, or consumers to the Complaint Coordinator. This information shall be disseminated to new ODPS employees during new employee orientation training or as appropriate. ODPS will also disseminate a copy of these complaint procedures to ODPS grant recipients.
2. The current policy shall be evaluated annually to determine its effectiveness. ODPS shall make any necessary changes to ensure the complaint process is

timely and efficient.
