## **SBA Economic Injury Disaster Loans Available in Northwest Ohio Following Secretary of Agriculture Disaster Declaration**

**ATLANTA** - The U.S. Small Business Administration announced today that federal Economic Injury Disaster Loans are available to small businesses, small agricultural cooperatives, small businesses engaged in aquaculture and most private nonprofit organizations located in **Ohio** as a result of the rain and flooding on July 7 - 14, 2017.

The SBA's disaster declaration includes the following counties: Defiance, Fulton, Hancock, Henry, Lucas, Putnam, Williams, and Wood in **Ohio**.

"When the Secretary of Agriculture issues a disaster declaration to help farmers recover from damages and losses to crops, the Small Business Administration issues a declaration to eligible entities affected by the same disaster," said Frank Skaggs, director of SBA's Field Operations Center East in Atlanta.

Under this declaration, the SBA's Economic Injury Disaster Loan program is available to eligible farm-related and nonfarm-related entities that suffered financial losses as a direct result of this disaster. With the exception of aquaculture enterprises, SBA cannot provide disaster loans to agricultural producers, farmers or ranchers.

The loan amount can be up to \$2 million with interest rates of 2.50 percent for private nonprofit organizations and 3.215 percent for small businesses, with terms up to 30 years. The SBA determines eligibility based on the size of the applicant, type of activity and its financial resources. Loan amounts and terms are set by the SBA and are based on each applicant's financial condition. These working capital loans may be used to pay fixed debts, payroll, accounts payable, and other bills that could have been paid had the disaster not occurred. The loans are not intended to replace lost sales or profits.

Applicants may apply online using the Electronic Loan Application (ELA) via SBA's secure website at <https://disasterloan.sba.gov/ela>.
